Wetaskiwin Regional Public Schools

2018 SUMMER SCHOOL

Math 20-3

Earn FIVE Credits

Alberta Education topics:
- Measurement
- Geometry
- Number
- Algebra
- Statistics

General Outcomes:
- Spatial sense through direct and indirect measurement
- Develop Number Sense
- Develop Algebraic Reasoning
- Develop Statistical Reasoning

In just 20 short days, students will have to attend a class based learning environment to complete Math 20-3, a mandatory Alberta Education graduation requirement course. Direct instruction coupled with assignments pertaining to the material will provide success in the course allowing students the opportunity to complete 5 credits.

This accelerated course of Math 20-3 will develop the Alberta Education topics through the development of personal budgeting, researching financial services, simple & compound interest, surface area, volume and capacity, trigonometry and slope, and representing 3-D objects.

This course is open to any grade 10-12 high school students who wants to jump start their high school education or simply needs to secure this course for graduation. This course will be offered over a 20-day period beginning July 3 and concluding July 30, 2018. There are two exams for this course.
