

Wetaskiwin Regional Public Schools

2019 Summer School

FOODS 10/20/30

(5 credits)

A Foods 10/20/30 combined class can be taught in such a way that all students are working in the same content area, ie baking, on credits at their own grade level. This can be accomplished with both whole group and individualized instruction and would ensure that each student leaves the course with meaningful knowledge as well as credits that are applicable to their own pathway to high school completion. Credits offered would be flexible if students wishing to take the course had already earned certain credits.

Foods 10 Route

- FOD 1010 - Food Basics
- FOD 1020 – Contemporary Baking
- FOD 1040 – Meal Planning 1
