Math 30-3
- Measurement
- Trigonometry

Alberta Education states, “Alberta’s math program encourages students to develop mathematical reasoning and problem-solving skills and make connections between mathematics and its applications. Our program also builds students’ confidence in their mathematical skills and appreciation of the subject.”

In 21 days, students will have mandatory check ins with Mrs. Kirameddine to complete the Math course they are registered in. Students will have individual instruction when necessary coupled with assignments pertaining to the materials they need to complete for their class. Instruction, time and dedication will provide success in the course allowing students the opportunity to complete 5 credits.

These courses are open to any grade 10-12 high school students who wants a jump start their high school education or simply needs to secure this course for graduation. This course will be offered over a 21-day period beginning July 2 and concluding July 30 or sooner depending on the student’s self-motivation and efficiency.
