

EVERYONE WELCOME

Let's engage students, parents, staff and community in conversations and activities that will start the 2016/2017 school year off right! It is a chance to meet teachers, play games, visit and generate a buzz about some of the amazing things that are ongoing and beginning this school year.

All students, staff, parents and community members are invited to attend this event. Our goal is to fill the school with over 250 guests. There will be an incentive for students this September to help us reach this goal.

Students, get ready to showcase your BMC pride!

Starting at 5PM there will be games, booths and interactive activities, not to mention a BBQ and concession. At 7 PM the community fire fighters will play softball against the students, you will not want to miss it!

We would like to extend a huge thank you for those parents, students and staff who have volunteered to organize and coordinate this event!

Public Schools**

Spread the word!

HOW TO GET INVOLVED IN THE EVENT:

Talk to Mrs Klatt or Miss Townsend to find out how you can get involved in organizing and planning the open house.

We will be asking students who are interested to volunteer time in FLEX for the first part of September to get the school ready for this event!

NOT A STUDENT? GET INVOLVED WITH THE COMMUNITY CORNER

The event will open the doors to the school to the community and community groups who would like to advertise for an event or set up a small informational booth. Contact Miss Townsend to become a part of the "Community Corner".

VOLUNTEERS NEEDED!

QUESTIONS?
