

EMERGENCY SAFETY BULLETIN

Date: December 23, 2019

Effective immediately, Otflite® lamps and lighting products are prohibited at ALL WRPS sites. There is evidence that these products are a fire hazard.

Otflite® (www.otflite.com) is a brand of lamps and lights. See below for some examples of these lights that may be in your office or classroom. The company carries a full range of products and will be clearly marked Otflite®. Please check all lamps and lights in your classroom and/or office. All Otflite® products should be unplugged and removed from your site. There are no exceptions.

This bulletin is delivered at the direction of:
Brian Hogg, Director of Plant Facilities
Mark Thronson, Health and Safety Coordinator
