

EMERGENCY SAFETY BULLETIN #2

Door, Window and Locker Decorations

Date: January 2, 2020

Effective immediately, all doors, windows and lockers must be free of decoration. Decoration includes anything applied over existing doors or windows. There is NO exception for seasonal decorations. Doors and windows are the primary means of egress in a fire. Decoration attached to doors and windows can ignite quickly and block escape. See the [WRPS Fire Safety Guide](#) for more info.

The following are examples of prohibited decoration:

This bulletin delivered at the direction of:
Brian Hogg, Director of Plant Facilities
Mark Thronson, Health and Safety Coordinator
