## What the "Student Support Fund" does:

In 2017, Wetaskiwin Regional Public Schools established the "Student Support Fund" with the goal of reducing barriers to education and enabling all students to succeed.

Students will receive support in the form of extra-curricular program fees and/or assistance in obtaining basic food needs.

## Student Support Fund:

- As an employee in WRPS, you see how important your role is to the well-being and future success of our students. Now, with the ability to make a small donation through the WRPS Employee Payroll Contribution Program, you can help us work toward making sure that no student is left behind.
- WRPS employs over 500 contract employees. If each employee contributed just \$5 per month over \$30,000 could be raised annually to support our most vulnerable students.
- Every donation goes directly to our students. No other charitable cause has such a direct impact on our schools and students.

## Feeding Hungry Students:

- We realize that when students come to school hungry they aren't able to focus on their schoolwork or interact in a positive way with their teachers and classmates. We want to support students so that our students can reach their full potential in the classroom.
- This program provides assistance to schools to deliver food to hungry students.

## Education Plus Fund:

- We realize that some students may not have the finances to be able to participate in extra/co-curricular school activities.
- This fund is used for students who, for financial reasons, would be otherwise unable to participate in extracurricular activities.
