## Education Plus

In 2017, Wetaskiwin Regional Public Schools established the “Education Plus Fund” with the goal of reducing barriers to education and enabling all students to succeed.

Students will receive support in the form of extra-curricular program fees.

We realize that some students may not have finances to be able to participate in extra/co-curricular school activities.

This fund is used for students who, for financial reasons, would be otherwise unable to participate in extra-curricular activities.

## Hungry Students

When students come to school hungry they aren’t able to focus on their school work or interact in a positive way with their teachers and classmates. We want to support students so that our students can reach their full potential in the classroom.

This program provides assistance to schools to deliver food to hungry students.

## Period Promise

Periods are a fact of life. For students with financial barriers, accessing necessary feminine hygiene products can be challenging.

When youth have access to feminine hygiene products, it improves their health and well-being, gives them back their dignity and makes it possible for them to stay engaged in their community.

# HOW TO REGISTER

## Supporting the Education Plus Fund

As an employee in WRPS, you see how important your role is to the well-being and future success of our students. Now, with the ability to make a donation through the WRPS Employee Payroll Contribution Program, you can help us work toward making sure that no student is left behind.

WRPS employs over 500 contract employees. If each employee contributed just \$5 per month over \$30,000 could be raised annually to support our most vulnerable students.

Every donation goes directly to our students. No other charitable cause has such a direct impact on our schools and students.
