Parents Speak Up Online Research Project

Wetaskiwin Regional Public Schools invites parents to participate in a valuable online survey regarding education and technology in the 21st Century. Your feedback will help guide our school division as it endeavors to implement a strategic technology plan for its students, parents and staff.

Speak Up, an online research project facilitated by Project Tomorrow®, will give you the opportunity to share your viewpoints with us. The process is simple:

2. Click the “Parents” box
3. Choose the province and type in the first few letters of your child’s school
4. Select your child’s school from the list that appears
5. Start the survey

The password to complete the Project Tomorrow Survey is Alberta2010 (please note this password is case sensitive).

Online access will end on December 17, 2010, so please speak up and have your voice heard as parent input is critical to our technology strategic planning process. We look forward to hearing from you!
